Salutations!

The Society of Women Engineers at UC Davis is an active section in the Sacramento-SVS area in California.

The UC Davis section remains strong today with more than a hundred members. Some of our efforts include Night With Industry – a dinner for students with industry professionals, a “Big-Lil Sis” mentorship program, and Project Aspire, which is a day-long event with hands-on engineering activities for elementary and middle-school age girls in the area.

Board

Tara - Internal Vice President

Hello! Bonjour! Hola! Salam! 你好! こんにちは! *inserts greetings and salutations in the other 6,495 languages* My job as Internal Vice President is to not only establish and maintain our relationship with the orgs and departments on campus, but to also serve and enable opportunities to the community by addressing the power of diversity, the importance of leadership in STEM fields, and a safe space for us to rock being who we are: Women Engineers!
